

MEMBERSHIP LISTING OPT OUT FORM

Please indicate if you would like to “opt out” of the membership list. You may choose to only include your name, property address and mailing address; or you may choose to “opt out” entirely from having your information included in the membership list.

If you do not return the form with an “opt out” request, all information provided to the Association will be included in the membership list.

I would like to “opt out” from releasing all information except for owner name(s), property address and mailing address in a membership list. I understand that phone numbers and emails will not be included in a membership list by choosing this “opt out” option.
